Quality Policy

Our Vision is to become a preferred institute for both the industry and the students and to play a pivotal role in providing world class management professionals who are trained to give unbiased and competent advice.

Director's Message

We at Nalanda School of Business, believe that education in business management is not just knowing about management but it is also about how management can improve various other disciplines and functions of which business is comprised of. We are aware that with globalization and dismantling of rigid regulatory frameworks across the world, the business environment has become very dynamic and the modern day manager must be capable of adapting to the fast changing business environment.

We try and inculcate in the students the ability to foresee the changing business environment, make innovative plans, implement radical policies as well as take and manage risk in business operations. We are committed to impart management education that is complete and self contained for preparing well groomed modern day managers.

We also subscribe to the view that management concepts, approaches and techniques have to be continually evolved and that managerial decisions should be based both on systematic research and the gut feeling.

We will not only take care of future but also your career.

Welcome to Nalanda B School.

Dr.Venkatesh S

Director – NSB

Curriculum & Electives

MBA – (Master of Business Administration) A two year full time MBA program affiliated to Anna University, Chennai and approved by AICTE, a government body responsible for proper planning and coordinated development of technical education system throughout the country.

NSB is evolving as a high profile centre to develop core competence and corporate decision making skills in the students through value based education and development oriented methodologies.

NSB integrates a healthy blend of methodologies in imparting holistic nourishment to young managers in the making. Our teaching system is based on Case Study Model where the individual topic is discussed based on the industry cases. This allows the students to connect the topic to real time problems faced by various Industry sectors. Each student is allowed to present individual cases to other students. Curriculum follows a daily regime of 7 hours of class room session including career development exercise and mentoring session.

SUMMER SEMESTER (6 WEEKS)

SUMMER PROJECT

Project report of the Summer Project is to be submitted by the students within 30 days from the commencement of the 3rd semester. Evaluation report should be sent to the Controller of Examinations by the HOD through the Principal, before the last working day of the 3rd semester.

Library

The Institute boasts of a well stocked library having multiple titles on numerous subjects related to the course plan of the students. Besides, latest journals and magazines are available for ready reference to add to the knowledge base of the students and faculty alike. Every year titles and latest editions are added to the already existing ones, as we believe that continuous learning can only take place through continuous updation.

Mess

Mess facility is available at the cost of Rs.3000/- (Three thousand) per; month (approx). There will be a 'Mess Committee' formed out of the

students who will decide the menu and mess charges accordingly. Mess is optional. Students may choose to make their own arrangement outside. The cost of the mess facility can also be covered from the bank loan, although it is not remitted to us.

Computer Lab

The computer lab is equipped with high-end personal computer and a 512 kbps high speed Internet connection. The completed lab has an online UPS.

Wi-Fi Campus

The campus establishes global connectivity through 2 Mbps leased line that provides Internet access to the students to keep pace with the latest developments in the corporate world.

Generator Backup

To ensure continuous learning round the clock, a generator back up is available at the Institute.
